LABOR WINS OKMULGEE FIGHT

ARBITRATION BOARD RECOMMENDS SCALE OF WAGES RAISE TODAY.

WAS IN SESSION TWO DAYS

Four Hundred Laborers and Fourteen Contractors Involved in Dispute.

Okmulgee, Okla., May 28.—An agreement was reached this evening by the state board of arbitration and conciliation whereby the differences between contractors and laborers have been amicably settled with the result that the laborers win their point. The board will make its formal report tomorrow morning and recommends that a scale of 50 cents an hour be paid to wheelers and plowmen on public works, 40 cents to wagoners and shovellers, and others are to receive 21 7-8 cents an hour.

Fourteen contractors and about 400 laborers were interested. The laborers struck May 10. Since that time an \$85,000 water and sewer extension contract and a \$118,000 paving contract have been held up. The laborers, two months ago, demanded a raise in the scale of wages, and a majority of them understood that it was promised by the contractors. Only two contractors held out to the end against the laborers. They were Z. Fielder, who has the water and sewer contract, and S. D. Smedley, who has the paving contract.

The board convened here yesterday morning in the first session that has been held since its creation. The day was spent in hearing the side of the laborers. The entire day today was given to hearing the contractors.

The board is composed of C. L. Daugherty, state labor commissioner; J. F. Holden of the Midland Valley Railway company; Thomas Bell of Hughes, M. R. Powell of Oklahoma City, Richard Alexander of Wanette, N. F. Langdon of Lehigh and W. G. Ashton, secretary, of Guthrie.

Eloquent Appeal.

The speech to the jury by Judge D. W. Huffar, a well-known jurist in Texas and Oklahoma, in behalf of W. J. Hogue, the prince of Texas promoters, was replete with oratory, pathos, force and sentiment. It was delivered in the U. S. court at 11 a.m. today.

He appealed in behalf of Hogue's innocence, in behalf of his wife and child, in behalf of justice and humanity. The Eagle editor has heard Judge Huffar in Oklahoma last year and listened intently to his effort in behalf of Mr. Hogue. Judge Huffar goes from here to Summerville, Ga., to spend part of the summer, when he will return to his home at Ada, Oklahoma.—Oak Cliff (Texas) Eagle

NOT GUILTY SAYS JURY

JUDGE MABEN, OF SHAWNEE, ACCQUITTED ON BRIBERY CHARGE.

HE MAY BE RE-INDICTED

Jury Was Out for Some Time Before Verdict Was Reached.

Shawnee, Okla., May 29.—At 10:30 last night, after having been out for twenty-six hours the jury returned a verdict in the bribery case against Judge W. N. Maben of "not guilty." It was reported that the jury has stood 11 for acquittal and 1 for conviction since the jury started its deliberations.

The court room at the time the verdict was returned, was nearly deserted. Judge Rosser was present, the defendant and a few straggling spectators who had been coming in larger numbers throughout the earlier part of the evening.

Judge Maben was attended only by his father. When the bailiff announced that a verdict had been reached by the jury the judge instructed that they be brought into the court-room and the result of their deliberations read. The defendant remained in the same indifferent attitude which he has assumed throughout the hearing. When the verdict was read, his expression was unchanged except that a slight smile came over his face.

Immediately upon the verdict of the jury being read, Judge Rosser thanked them for their patient attendance, expressing especial gratitude to Jurymen Pulley, who has been ill during the last few days of the trial. For the past two days, Pulley has been in the constant care of a physician.

The jurors immediately started to file from the room and Judge Maben advanced toward them, extending his hand and with a smile expressed his thanks to them and declared that throughout his future, his conduct would be such that there would be no shadow of a suspicion cross his public or private life. He then extended his hand to the judge and expressed in glowing terms his appreciation of his fairness in the conduct of the case.

Judge Rosser, Judge Maben and the elder Mr. Maben then left the court-room together and boarded a car for home. As they stepped upon the car, Maben was heard to remark, "Talk about being elected to office! This verdict is better news to me than being informed that I had been elected to all the offices in the nation."

There has been much speculation as to what the future action on the part of the state would be in regard to the condition in the county, as shown by the evidence brought to light during the trial of Judge Maben. There are yet six indictments remaining against him. These may be dropped or they may be pursued further. Attorney General West would give out nothing for publication as to his further moves. Whether he continues the prosecution or not is entirely in his hands. However, it has been rumored that another grand jury will be called and the conditions investigated thoroughly.

This can be done with much more intelligence than in the case of the previous grand jury, which was practically working in the darkness. It is probable, since the governor has instructed the attorney general to take what further action he deems best for the interests of the state, that this is the course which will be decided upon, and the remaining indictments against Judge Maben dropped. In this event, it is also probable that the other indictments found by the last grand jury will be dropped and the prosecutions instituted as the coming grand jury may instruct.

Whatever the counsel for the state may intend doing, it has already had the remaining pending indictments continued before Judge Rosser until the next term of court, which will be set by the state supreme court.

Judge Rosser and his wife, who joined him here yesterday, left this morning for their home at Poteau.

Dr. M. W. Ligon has returned home from a business trip to Mississippi.

MOB VIOLENCE AT ABILENE

TOM BARNETT SHOT TO DEATH
IN HIS CELL AT ABILENE,
TEXAS.

50 MASKED MEN DO THE JOB

Failing to Break the Doors to the Cell Their Victim Is Shot Through the Bars.

Abilene, Tex., May 28.—Tom Barnett, convicted of the murder of Alex Sears and sentenced to serve ninety years in the penitentiary, was shot to death this morning about 1:30 o'clock by a mob of masked men, who entered the jail where he was confined, awaiting the action of the higher court.

About fifty masked men assembled in the jail yard this morning and began seeking entrance to the jail. They were met at the door by Jailer L. L. Peevy, who was overpowered and badly injured about the back. His gun and what keys he had on his person were taken, when the band of eight men who had entered proceeded upstairs hunting for Barnett. The keys they had would not open any of the doors and they were forced to use crowbars, of which the mob had quite a number. All of the prisoners were questioned, but claimed to have been only lately confined and said they knew nothing of the prisoner, Tom Barnett.

The mob carried Deputy Sheriff Bob Peevy upstairs with them and demanded that he show them the prisoner. This he refused to do, but suggested that they be careful and not get the wrong man. One man in the crowd asked Barnett to stand up, wherever he was, and the prisoner complied, never uttering a sound.

Shot to Death in Cell.

After about a half hour's work the mob finally succeeded in breaking through the outer door of Barnett's cell, but could not force the inner door. Some one in the mob cried: "Let's shoot him," and his words were followed by a regular fusillade of shots from Winchesters and revolvers. Fifteen shots in all entered Barnett's body.

After the shooting the mob quietly dispersed, and so far the officers have no clew to their identity. Jailer Peevy is resting well, although his back was badly wrenched in the scuffle with the mob leaders.

The coroner's inquest has been held by Justice H. Rob Keeble. Extra deputies have been appointed, and the entire force of authorities and deputies of the city are making a most rigid investigation of the affair. Barnett's aged mother is prostrated with grief.

Jailer Peevy's Statement.

Jailer Peevy this morning stated that on account of all the men wearing masks he was unable to recognize any of them. However, he has a good description of three of them, on which officers are working. One of the men, in scuffling with the jailer had his finger caught by the hammer of Peevy's pistol as the latter was trying to get his gun into use.

The plunger on the hammer caused a deep flesh wound in the man's finger and this may help in the investigation. So far no arrests have been made.

The alleged murder of Alex Sears for which Barnett received the ninety-nine year sentence was committed on the night of Feb. 3 at Mud Young school house, twelve miles east of here. Sears' body was burned with the school house, supposedly after the murder had been committed. Barnett was tried in the March term of the district court here under Judge T. L. Blanton, the case occupying five days. A notice of appeal had been given in the case and the prisoner was in the custody of the sheriff here awaiting action of the higher court.

Barnett was a cattlemen here, as was also Alex Sears, for whose murderer he was convicted. The two were frequently involved in large cattle deals, and the chief evidence introduced in Barnett's trial was to the effect that Barnett owed Sears a large sum of money from a recent deal of this kind.

The body of Tom Barnett was this morning shipped to Talpa, in Cole-

man county, where it will be interred tomorrow, that being his former home.

Jailer in Critical Condition.

Jailer Peevy is in a very critical condition from the injuries received at the hands of members of the mob this morning.

As a result of investigation the authorities here believe that after dispersing the mob mostly went north in buggies and that they came here that way from Anson, Merkel and other near-by towns. Sears lived near Merkel and had lived in Anson formerly. Jailer Peevy and all the prisoners upon being interviewed could not identify any of the members of the mob, as all were masked. Only eight men entered the jail and only two fired shots. Tracks of six buggies, rendered plain by recent rains, were found near the Texas and Pacific stock pens and were tracked out of town. Five of these were followed until they merged into the Anson road and the sixth went west, where its track was lost in the Merkel road.

Judge Blanton's Statements.

District Judge Blanton, upon being questioned, stated:

"There is very little to say regarding the case, except that I will do the duty imposed upon me without fear or favor. This is a most deplorable affair and the first of its kind to happen in Taylor county."

Parties coming in from the north late this afternoon report the finding of what was supposed to have been intended as a stake. They state that a stake was driven in the ground, with inflammable material surrounding it and that mingled with many tracks was one woman's footprints. Jailer Peevy, when interviewed, said:

"I can not tell you how it humiliates me to think that I was unable to lift a finger in that poor man's behalf after he had been placed in my custody. If I could have gotten my gun I would have shot to kill. I can not swear any knowledge as to the identity of any of the mob. All were heavily masked and, although they talked to me, I did not positively distinguish any voices."

Officers in surrounding towns have been notified and a most rigid investigation has been begun. No arrests have been made yet, but it is expected several will be made tonight or tomorrow.

Tom Barnett's Home Record.

Terrell, Tex., May 28.—Tom Barnett, who was mobbed in the Abilene jail last night, was born in Kaufman county and for many years his father, Judge Barnett, lived on a farm near Elmo and was regarded as a highly respected and trustworthy citizen during his residence in this county. Nothing in the life and conduct of Tom Barnett while here indicated that he was capable of committing the heinous crime for which he was indicted.

A COW AND HER STUFFED CALF

T. O. Collins Says This Really Happened With Jim Houndsell in Tennessee.

I know of no better single illustration of the animal's point of view than Jim Houndsell's story of the cow, who would not stand to be milked unless she could lick her calf meanwhile, a succession of offspring had stereotyped this absolutely irrational habit, until by ill fortune, one of her calves died.

There is no reason why a bereaved mother should mourn her loss just at milking time, but there was the fixed habit of making certain motions, Jim however, was a practical psychologist. He stuffed the skin of the calf with hay and let the cow have that to lick—to be sure the hay calf had neither head nor legs—but a cow has no general ideas concerning the nature of calves, nor any special reason for assuming that calves should have head and legs; it felt right and smelt right, it enabled her to go through the customary motions at milking times, therefore it was sufficient. By dent of caressing and licking her little calf, the tender parent one fine morning unripped it. The hay issued from within and the cow manifesting not the slightest surprise or agitation proceeded tranquilly to devour the unexpected provender.

OUR GUTHRIE CORRESPONDENT

Guthrie, May 28.—According to a recent educational law, teachers are required to take examination in agriculture and domestic science. For the purpose of helping teachers prepare for this examination, John Wilkinson, assistant superintendent, formerly professor of agriculture in the Northwestern Normal school and at Alva, has prepared an elementary work on agriculture and domestic science. This little book will, no doubt, be a great aid to the teachers of Oklahoma.

State Supt. of Public Instruction E. D. Cameron, is proud of the fact that the total number of eighth grade graduates in the state will be about double the number of last year, or any previous year, in the history of Oklahoma. There are within the state 5,535 common schools. Last year the total number of graduate was 2,486 or about one graduate for every two schools. This year the number of graduates will average about one for each school. In addition to the requirements of all previous years for eighth grade diplomas has been added the subjects of Oklahoma history, domestic science, agriculture and horticulture and music.

This not only raising the standard required but doubling the number of graduates. This speaks volumes for the educational spirit of the new state, and reflects great credit upon those at the head of our common school system.

The announcement was made this week that the state superintendent of Public Instruction has apportioned fifty cents of state money derived from the rentals of school lands and interest on the common school fund, to each person of Oklahoma under 21 years of age. This is the largest summer dividend ever declared. The apportionment last January was \$1.00. This makes \$1.50 for each person of school age within the state of Oklahoma. Too much cannot be said in praise of the school land department for this showing. It was supposed that when the two territories were united and the fund divided among the children of all the state, instead of one-half the state, that the apportionment would be cut one-half. It was expected that 50c per capita per year would be as much as we could reasonably expect to realize, but this year that amount has been trebled. These apportionments prove that the bitter attack made by republicans on the school land department during the last campaign were entirely without foundation.

MOB FAILS AT ALTUS.

Break Into Jail But Victim is Not There.

Altus, Okla., May 28.—The plans of a masked mob of fifty men intent upon lynching Will Brown, a nineteen year old negro, charged with attempting to assault the ten-year-old daughter of John Osborne near Olustee Thursday, were foiled here last night by Jailer Jones.

The mob from Olustee came into Altus at 3 o'clock this morning, broke down the doors of the jail and made a vain search for the prisoner. Finding that the prey had been removed, the mob went to the jailer's home, thinking that the negro was being hidden there. Here they learned that the jailer had spirited the prisoner away, and the mob gave up the hunt. Jones took the negro to a nearby town during the early part of the night where he was kept until day light and was then hurried to Lawton where he was placed in jail for safekeeping.

Urgent Notice.

It seems that he had been operating very profitably around town, either making a deliberate attempt to break into jail or else was very confident in his ability to make a get-away in due time. He wrote two checks to the P. B. Wilson Lumber Co., payable to James Davis, one for \$5.75 and one for \$6.00; one for \$6.90 signed in the name of R. E. Haynes, which he cashed to Mr. Biggar, at the bottling works, and one at his boarding house, the amount of which was not ascertained. The check to which he forged the name of Mr. Haynes was made payable to J. M. Gleason. He cashed it at the bottling works in exchange for soda water, getting the change in cash. When he purchased the soda water he claimed that he had purchased the confectionery wagon on east Main street and when the soda water was delivered the plot was revealed.

When he was interrogated by Chief of Police Culver as to his reason for the crimes he stated that he was broke and could not procure employment and that he had to do something to live. This is rather a flimsy excuse, however, in view of the immense amount of public work now under way. He was turned over to the sheriff's office and placed in jail.

MRS. TOM HOPE.

President Women's Clubs Guest of Honor at Pretty Roff Home Where Charming Roff Ladies Afforded Choice Entertainment.

Mrs. Tom Hope, president of the 4th district of Oklahoma Federation of Clubs, was the guest of honor Thursday at the closing meeting of the Pioneer Club of Roff.

The program, consisting of excellent music, and appropriate talks, was given at the Methodist church. When the program was concluded the members of the club repaired to the pretty home of Mrs. Taylor, president of the club, where a reception was tendered. Strawberry shortbread and cake were served, the favors were white carnations. Another enjoyable feature of the afternoon was a drive over the city.

SOCIETY NOTES.

Wednesday afternoon one of the most enjoyable entertainments of the season was enjoyed at the home of Mrs. J. T. Conn.

The occasion was a luncheon given by six members of the "500" Club, complimentary to the other six members making the highest score during the club year.

The table was exquisite in point lace cover and center piece with handsome cut glass vase of crimson roses in center and dainty service of china, silver and cut glass, while over the whole a rosy glow was cast by shaded lights.

The menu, served in five courses was one to tempt an epicure and was as follows.

Chilled Fruit
Deviled Crab Spring Chicken
Cream Potatoes Fresh Peas
Cold Slaw Hot Rolls
A la 500 Salad Mayonnaise Dressing
Wafers Olives
Brandy Peaches Assorted Cakes
Ice Cream Coffee

After the luncheon an hour was pleasantly spent in playing "500" and as is always the case in this charming home the entertainment was a success and with such a congenial hostess none could fail to enjoy the hours spent there.

THERE IS NEAR TROUBLE AT CEMENT MILL

15 MEN WALK OUT OF SACK ROOM ON STRIKE, BUT RETURN TO WORK A LITTLE LATER.

Mill Visited by Committee of Union Labor—There Will Be a Conference Among Proposed Strikers and Union Labor Tonight.

At the noon hour today about fifteen men walked out of the sack room of the cement plant declaring that they had struck. It appears, however, that a further consideration of their grievance during the noon hour decided them to return to work pending an effort which might be made to secure readjustment of the wage scale. The men were at work at the time of going to press and it is the opinion of those supposed to be next to the situation that the cement employees will continue work in each department. A committee of union labor in conciliatory disposition headed by W. W. Rader visited the cement plant this afternoon and interviewed Foreman Curtis. It is understood that the sack room men through union labor conference will determine their attitude this evening for the future toward the mill employment.

The citizens at large will view the results of any unsatisfaction of labor at the cement mills with much anxiety.

It is to be sincerely hoped that labor will be satisfied and that the mills may continue business.

INDIAN DELEGATES

Come in on Train—Will Attend Fifth Sunday Meeting.

Several full blood Indian delegates on the way to Baptist association, alighted from a morning train. A local full blood was down to meet the visiting contingent. When all had alighted from the train each in turn silently and lightly clasped the hands of the receiving delegate. Not an expression changed, not a word was spoken until the hand shaking was over; then each began to quietly laugh, a happy pleasing laugh and laughing these Christian Indians went on their way.

Oil and Gas Co. Charter.

Treasurer E. W. Hardin of the Ada Oil and Gas Company, received the company charter this morning from the secretary of state.

From Oklahoma Baptist Journal.

A worthy old gentleman who lived in the mountains had one weakness—a habit of absenting himself from church on a very slight pretext.

One Sunday, which was a little cloudy, but by no means inclement, he was not found in his place. The next morning at an early hour, as the pastor was standing on his doorstep, who should come along but this old man, perched on a load of wood, his hat and overcoat, his hair and beard, all white with the thick falling and fiercely blowing snow. Seeing the pastor he halted to pay his respects and exchange a friendly word. "Good morning," said the old man. "All well?"

"All well, thank you."

"Sorry I could not be at church yesterday."

"Yes, I missed you."

"Well, the fact is, it was such a bad day, and the weather threatened so much, that I thought it was too bad to venture out and the—"

"Yes, it is fine, pleasant weather today," said the pastor. If we should have as fine a day next Sunday, I shall look for you at church."

The old man blushed and manifested a desire to break off the conversation—during all of which it seemed as if he were inwardly saying, "Caught this time."—Ram's Horn

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

AN INTERESTING PAINT TEST

There is a very simple and interesting chemical test by which to detect impurity in paint materials. Thousands and thousands of people, all over the country, are making this test. It is a sure way to safeguard against the many adulterated white leads which are on the market. Any one can make the test—all that is needed is a simple little instrument which may be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for Houseowner's Painting Outfit No. 49. The outfit includes also a set of color schemes for exterior or interior painting, or both, if you wish, and a book of specifications. No houseowner should make any arrangements for painting till he gets this outfit.

One can't expect a satisfactory painting job without pure white lead. There is a way to make sure you're getting a pure white lead—without testing it. See that the keg bears National Lead Company's famous Dutch Boy Painter trademark, which is a positive guarantee of purity. Your dealer probably has this white lead. If not let National Lead Company know.

TO MY MANY OKLAHOMA FRIENDS

For thirty years or more, thousands of families now in the State of Oklahoma have relied on GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for treating members of their families, and while they have never met me, I feel that many of them feel they know me.

I have never placed on the market anything that did not possess superior merit, in fact I never recommend any article to the public without I am convinced that it possesses more merit than anything previously introduced.

Because of the splendid reputation which GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE have made in the homes of Oklahoma, I feel that I could not afford to recommend to my friends any new preparation without I was thoroughly convinced that it really possessed more merit than anything of a similar nature ever placed on the market.

DR. PORTER'S HEALING OIL

After testing it in every way possible, and being convinced it was a wonderful discovery and possessed merit far superior to anything else of the kind ever offered to the public, the PARIS MEDICINE COMPANY, of which I am President, bought the rights and are now manufacturing and introducing it, and to my many friends who have used GROVE'S TASTELESS CHILL TONIC and LAXATIVE BROMO QUININE for so many years I wish to state that I know DR. PORTER'S HEALING OIL will cure Old Sores no matter of how long standing that other remedies have failed to cure; will relieve the pain of a Burn instantly and take out all inflammation in one day; will relieve the pain of a Cut instantly and will heal it in one day, and absolutely prevents any risk of blood poisoning in hurts or wounds of any kind. It is needed in every home. When any of the family are severely burned or cut, or a horse is badly injured, not delay in purchasing a regular 25c package under our positive guarantee. The only authorized every dealer to refund to the purchaser the full retail price in every case where the purchaser says it is not the best remedy ever used. LABOR WINS OKMULGEE FIGHT

ARBITRATION BOARD RECOMMENDS SCALE OF WAGES RAISE TODAY.

WAS IN SESSION TWO DAYS

Four Hundred Laborers and Fourteen Contractors Involved in Dispute.

Okmulgee, Okla., May 28.—An agreement was reached this evening by the state board of arbitration and conciliation whereby the differences between contractors and laborers have been amicably settled with the result that the laborers win their point. The board will make its formal report tomorrow morning and recommends that a scale of 50 cents an hour be paid to wheelers and plowmen on public works, 40 cents to wagoners and shovellers, and others are to receive 21 7-8 cents an hour.

Fourteen contractors and about 400 laborers were interested. The laborers struck May 10. Since that time an \$85,000 water and sewer extension contract and a \$118,000 paving contract have been held up. The laborers, two months ago, demanded a raise in the scale of wages, and a majority of them understood that it was promised by the contractors. Only two contractors held out to the end against the laborers. They were Z. Fleder, who has the water and sewer contract, and S. D. Smedley, who has the paving contract.

The board convened here yesterday morning in the first session that has been held since its creation. The day was spent in hearing the side of the laborers. The entire day today was given to hearing the contractors.

The board is composed of C. L. Daugherty, state labor commissioner; J. F. Holden of the Midland Valley Railway company; Thomas Bell of Hughes, M. R. Powell of Oklahoma City, Richard Alexander of Wanette, N. F. Langdon of Lehigh and W. G. Ashton, secretary, of Guthrie.

He appealed in behalf of Hogue's innocence, in behalf of his wife and child, in behalf of justice and humanity. The Eagle editor has heard Judge Huffar in Oklahoma last year and listened intently to his effort in behalf of Mr. Hogue. NOT GUILTY, SAYS JURY

JUDGE MABEN, OF SHAWNEE, ACQUITTED ON BRIBERY CHARGE.

HE MAY BE RE-INDICTED

Jury Was Out for Some Time Before Verdict Was Reached.

Shawnee, Okla., May 29.—At 10:30 last night, after having been out for twenty-six hours the jury returned a verdict in the bribery case against Judge W. N. Maben of "not guilty." It was reported that the jury had stood 11 for acquittal and 1 for conviction since the jury started its deliberations.

The court room at the time the verdict was returned, was nearly deserted. Judge Rosser was present, the defendant and a few straggling spectators who had been coming in larger numbers throughout the earlier part of the evening.

Judge Maben was attended only by his father. When the bailiff announced that a verdict had been reached by the jury the judge instructed that they be brought into the court-room and the result of their deliberations read. The defendant remained in the same indifferent attitude which he has assumed throughout the hearing. When the verdict was read, his expression was unchanged except that a slight smile came over his face.

Immediately upon the verdict of the jury being read, Judge Rosser thanked them for their patient attendance, expressing especial gratitude to Jurymen Pulley, who has been ill during the last few days of the trial. For the past two days, Pulley has been in the constant care of a physician.

The jurors immediately started to file from the room and Judge Maben advanced toward them, extending his hand and with a smile expressed his thanks to them and declared that throughout his future, his conduct would be such that there would be no shadow of a suspicion cross his public or private life. He then extended his hand to the judge and expressed in glowing terms his appreciation of his fairness in the conduct of the case.

Judge Rosser, Judge Maben and the elder Mr. Maben then left the court-room together and boarded a car for home. As they stepped upon the car, Maben was heard to remark: "Talk about being elected to office! This verdict is better news to me than being informed that I had been elected to all the offices in the nation."

There has been much speculation as to what the future action on the part of the state would be in regard to the condition in the county, as shown by the evidence brought to light during the trial of Judge Maben. There are yet six indictments remaining against him. These may be dropped or they may be pursued further. Attorney General West would give out nothing for publication as to his further moves. Whether he continues the prosecution or not is entirely in his hands. However, it has been rumored that another grand jury will be called and the conditions investigated thoroughly.

This can be done with much more intelligence than in the case of the previous grand jury, which was practically working in the darkness. It is probable, since the governor has instructed the attorney general to take what further action he deems best for the interests of the state, that this is the course which will be decided upon, and the remaining indictments against Judge Maben dropped. In this event, it is also probable that the other indictments found by the last grand jury will be dropped and the prosecutions instituted as the coming grand jury may instruct.

Whatever the counsel for the state may intend doing, it has already had the remaining pending indictments continued before Judge Rosser until the next term of court, which will be set by the state supreme court.

Judge Rosser and his wife, who joined him here yesterday, left this morning for their home at Potecan.

Dr. W. W. Walagon has returned home from a business trip to Mississippi.

MOB VIOLENCE AT ABILENE

TOM BARNETT SHOT TO DEATH IN HIS CELL AT ABILENE, TEXAS.

50 MASKED MEN DO THE JOB

Failing to Break the Doors to the Cell Their Victim Is Shot Through the Bars.

Abilene, Tex., May 28.—Tom Barnett, convicted of the murder of Alex Sears and sentenced to serve ninety-nine years in the penitentiary, was shot to death this morning about 1:30 o'clock by a mob of masked men, who entered the jail where he was confined, awaiting the action of the higher court.

About fifty masked men assembled in the jail yard this morning and began seeking entrance to the jail. They were met at the door by Jaller L. L. Peevy, who was overpowered and badly injured about the back. His gun and what keys he had on his person were taken, when the band of eight men who had entered proceeded upstairs hunting for Barnett.

The keys they had would not open any of the doors and they were forced to use crowbars, of which the mob had quite a number. All of the prisoners were questioned, but claimed to have been only lately confined and said they knew nothing of the prisoner, Tom Barnett.

The mob carried Deputy Sheriff Bob Peevy upstairs with them and demanded that he show them the prisoner. This he refused to do, but suggested that they be careful and not get the wrong man. One man in the crowd asked Barnett to stand up, wherever he was, and the prisoner complied, never uttering a sound.

Shot to Death in Cell.

After about a half hour's work the mob finally succeeded in breaking through the outer door of Barnett's cell, but could not force the inner door. Some one in the mob cried: "Let's shoot him," and his words were followed by a regular fusillade of shots from Winchesters and revolvers. Fifteen shots in all entered Barnett's body.

After the shooting the mob quietly dispersed, and so far the officers have no clew to their identity. Jaller Peevy is resting well, although his back was badly wrenched in the scuffle with the mob leaders.

The coroner's inquest has been held by Justice H. Rob Keeble. Extra deputies have been appointed, and the entire force of authorities and deputies of the city are making a most rigid investigation of the affair. Barnett's aged mother is prostrated with grief.

Jaller Peevy's Statement.

Jaller Peevy this morning stated that on account of all the men wearing masks he was unable to recognize any of them. However, he has a good description of three of them, on which officers are working. One of the men, in scuffling with the jaller, had his finger caught by the hammer of Peevy's pistol as the latter was trying to get his gun into use. The plunger on the hammer caused a deep flesh wound in the man's finger and this may help in the investigation. So far no arrests have been made.

The alleged murderer of Alex Sears for which Barnett received the ninety-nine year sentence was committed on the night of Feb 3 at Mud Young school house, twelve miles east of here. Sears' body was burned with the school house, supposedly after the murder had been committed. Barnett was tried in the March term of the district court here under Judge T. L. Blanton, the case occupying five days. A notice of appeal had been given in the case and the prisoner was in the custody of the sheriff here awaiting action of the higher court.

Barnett was a cattleman here, as was also Alex Sears, for whose murderer he was convicted. The two were frequently involved in large cattle deals, and the chief evidence introduced in Barnett's trial was to the effect that Barnett owed Sears a large sum of money from a recent deal of this kind.

(Let us Pray.)

The body of Tom Barnett was this morning shipped to Tafta, in Cole-

man county, where it will be interred tomorrow, that being his former home.

Jaller in Critical Condition.

Jaller Peevy is in a very critical condition from the injuries received at the hands of members of the mob this morning.

As a result of investigation the authorities here believe that after dispersing the mob mostly went north in buggies and that they came here that way from Anson, Merkel and other near-by towns. Sears lived near Merkel and had lived in Anson formerly. Jaller Peevy and all the prisoners upon being interviewed could not identify any of the members of the mob, as all were masked. Only eight men entered the jail and only two fired shots. Tracks of six buggies, rendered plain by recent rains, were found near the Texas and Pacific stock pens and were tracked out of town. Five of these were followed until they merged into the Anson road and the sixth went west, where its track was lost in the Merkel road.

Judge Blanton's Statements.

District Judge Blanton, upon being questioned, stated:

"There is very little to say regarding the case, except that I will do the duty imposed upon me without fear or favor. This is a most deplorable affair and the first of its kind to happen in Taylor county."

Parties coming in from the north late this afternoon report the finding of what was supposed to have been intended as a stake. They state that a stake was driven in the ground, with inflammable material surrounding it and that mingled with many tracks was one woman's footprints.

Jaller Peevy, when interviewed, said:

"I can not tell you how it humiliates me to think that I was unable to lift a finger in that poor man's behalf after he had been placed in my custody. If I could have gotten my gun I would have shot to kill. I can not swear any knowledge as to the identity of any of the mob. All were heavily masked and, although they talked to me, I did not positively distinguish any voices."

Officers in surrounding towns have been notified and a most rigid investigation has been begun. No arrests have been made yet, but it is expected several will be made tonight or tomorrow.

Tom Barnett's Home Record.

Terrell, Tex., May 28.—Tom Barnett, who was mobbed in the Abilene jail last night, was born in Kaufman county and for many years his father, Judge Barnett, lived on a farm near Elmo and was regarded as a highly respected and trustworthy citizen during his residence in this county. Nothing in the life and conduct of Tom Barnett while here indicated that he was capable of committing the heinous crime for which he was indicted.

A COW AND HER STUFFED CALF

T. O. Collins Says This Really Happened With Jim Houndsell in Tennessee.

I know of no better single illustration of the animal's point of view than Jim Houndsell's story of the cow, who would not stand to be milked unless she could lick her calf meanwhile, a succession of offspring had stereotyped this absolutely irrational habit, until by ill fortune, one of her calves died.

There is no reason why a bereaved mother should mourn her loss just at milking time, but there was the fixed habit of making certain motions. Jim, however, was a practical psychologist. He stuffed the skin of the calf with hay and let the cow have that to lick—to be sure the hay calf had neither head nor legs—but a cow has no general ideas concerning the nature of calves, nor any special reason for assuming that calves should have head and legs; it felt right and smelt right, it enabled her to go through the customary motions at milking times, therefore it was sufficient. By dint of caressing and licking her little calf, the tender parent one fine morning unstriped it. The hay issued from within and the cow manifesting not the slightest surprise or agitation proceeded tranquilly to devour the unexpected provender.

OUR GUTHRIE CORRESPONDENT

Guthrie May 29.—According to a recent educational law teachers are required to take examination in agriculture and domestic science. For the purpose of helping teachers prepare for this examination John Willison, assistant superintendent formerly professor of agriculture in the Northwestern Normal school at Alva has prepared an elementary work on agriculture and domestic science. This little book will no doubt be a great aid to the teachers of Oklahoma.

State Superintendent L. D. Cameron is proud of the fact that the total number of eighth grade graduates in the state will be about double the number of last year or any previous year in the history of Oklahoma. There are within the state 5,535 common schools.

Last year the total number of graduate was 2,486 or about one graduate for every two schools. This year the number of graduates will average about one for each school. In addition to the requirements of all previous years for eighth grade diplomas has been added the subjects of Oklahoma history, domestic science, agriculture and horticulture and music. Thus not only raising the standard required but doubling the number of graduates. This speaks volumes for the educational spirit of the new state and reflects great credit upon those at the head of our common school system.

The announcement was made this week that the state superintendent of Public Instruction has apportioned fifty cents of state money derived from the rentals of school lands and interest on the common school fund to each person of Oklahoma under 21 years of age. This is the largest summer dividend ever declared. The apportionment last January was \$1.00. This makes \$1.00 for each person of school age with in the state of Oklahoma. Too much cannot be said in praise of the school land department for this showing. It was supposed that when the two territories were united and the fund divided among the children of all the state instead of one-half the state that the apportionment would be cut one-half. It was expected that 50¢ per capita per year would be as much as we could reasonably expect to realize but this year that amount has been trebled. These apportionments prove that the bitter attack made by republicans on the school land department during the last campaign were entirely without foundation.

TUBERCULOSIS AMONG INDIANS.
Oklahoma Commissioner of Health to Consider Methods of Combating the Disease.

Guthrie Ok. May 28.—For the purpose of discussing with government experts the matter of fighting tuberculosis among Oklahoma Indians Dr. J. C. Mahr, state commissioner of health leaves Monday for Washington D. C. to attend the convention of the Health Officers Association of North America on June 3 and 4. Dr. Mahr says tonight that tuberculosis spreads rapidly among the Indians all tribes afflicted and is spread by them in turn among other citizens of the state. He shows that recently Kansas appropriated \$10,000 to fight the disease.

Dr. Mahr will also discuss with experts and secure government aid if possible to fight the decided increase of rabies in Oklahoma. He says fifty seven cases of rabies have developed in Oklahoma within the past six months. An opinion to night by E. G. Spillman, assistant attorney general holds that Dr. Mahr can charge a reasonable expense account to the contingent fund of the state health department for such a trip to Washington in the state's interest.

MOB FAILS AT ALTUS.

Bank Into Jail But Victim Is Not Thirst.

Altus Okla. May 28.—The plans of a masked mob of fifty men intent upon lynching Will Brown, a nineteen year old negro charged with attempting to assault the ten-year-old daughter of John Osborne near Olustee Thursday were foiled here last night by jailer Jones.

The mob from Altus came into Altus at 3 o'clock this morning broke down the doors of the jail and made a vain search for the prisoner. Finding that the prey had been removed the mob went to the jailer's home thinking that the negro was being hidden there. Here they learned that the jailer had spirited the prisoner away and the mob gave up the hunt. Jones took the negro to a nearby town during the early part of the night where he was kept in day light and was then hurried to Lawton where he was placed in jail for safekeeping.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

FORGER IS CAPTURED.

Chief of Police, Culver, Arrests Forger and Turns Him Over to the County Authorities.

Yesterday afternoon, at the ice plant George Culver arrested one J. M. Gleason for forgery. It seems that he had been operating very profitably around town, either making a deliberate attempt to break into jail or else was very confident in his ability to make a get-away in due time. He wrote two checks to the P. B. Wilson Lumber Co., payable to James Davis, one for \$5.75 and one for \$6.00; one for \$6.90 signed in the name of R. E. Haynes, which he cashed to Mr. Biggar, at the bottling works, and one at his boarding house, the amount of which was not ascertained. The check to which he forged the name of Mr. Haynes was made payable to J. M. Gleason. He cashed it at the bottling works in exchange for soda water, getting the change in cash. When he purchased the soda water he claimed that he had purchased the confectionery wagon on east Main street and when the soda water was delivered the plot was revealed.

When he was interrogated by Chief of Police Culver as to his reason for the crimes he stated that he was broke and could not procure employment and that he had to do something to live. This is rather a flimsy excuse, however, in view of the immense amount of public work now under way. He was turned over to the sheriff's office and placed in jail.

Mrs. Tom Hope, president of the 4th district of Oklahoma Federation of Clubs, was the guest of honor Thursday at the closing meeting of the Pioneer Club of Roff.

The program, consisting of excellent music, and appropriate talks, was given at the Methodist church. When the program was concluded the members of the club repaired to the pretty home of Mrs. Taylor, president of the club, where a reception was tendered. Strawberry sherbert and cake were served, the favors were white carnations. Another enjoyable feature of the afternoon was a drive over the city.

SOCIETY NOTES.

Wednesday afternoon one of the most enjoyable entertainments of the season was enjoyed at the home of Mrs. J. T. Conn.

The occasion was a luncheon given by six members of the "500" Club, complimentary to the other six members making the highest score during the club year.

The table was exquisite in point lace cover and center piece with handsome cut glass vase of crimson roses in center and dainty service of china, silver and cut glass, while over the whole a rosy glow was cast by shaded lights.

The menu, served in five courses was one to tempt an epicure and was as follows:

Chilled Fruit

Deviled Crab Spring Chicken

Cream Potatoes Fresh Peas

Cold Slaw Hot Rolls

A la 500 Salad Mayonnaise Dressing

Wafers Brandy Peaches Olives

Ice Cream Assorted Cakes

Coffee

After the luncheon an hour was pleasantly spent in playing "500" and as is always the case in this charming home the entertainment was a success and with such a congenial hostess none could fail to enjoy the hours spent there.

THERE IS NEAR TROUBLE AT CEMENT MILL

15 MEN WALK OUT OF SACK ROOM ON STRIKE, BUT RETURN TO WORK A LITTLE LATER.

MILL Visited by Committee of Union Labor—There Will Be a Conference Among Proposed Strikers and Union Labor Tonight.

At the noon hour today about fifteen men walked out of the sack room of the cement plant declaring that they had struck. It appears, however, that a further consideration of their grievance during the noon hour decided them to return to work pending an effort which might be made to secure readjustment of the wage scale. The men were at work at the time of going to press and it is the opinion of those supposed to be next to the situation that the cement employees will continue work in each department. A committee of union labor in conciliatory disposition headed by W. W. Rader visited the cement plant this afternoon and interviewed Foreman Curtis. It is understood that the sack room men through union labor conference will determine their attitude this evening for the future toward the mill employment.

The citizens at large will view the results of any unsatisfaction of labor at the cement mills with much anxiety.

It is to be sincerely hoped that labor will be satisfied and that the mills may continue business.

Oil and Gas Co. Charter.

Treasurer E. W. Hardin of the Ada Oil and Gas Company, received the company charter this morning from the secretary of state.

From Oklahoma Baptist Journal.

A worthy old gentleman who lived in the mountains had one weakness—a habit of absenting himself from church on a very slight pretext.

One Sunday, which was a little cloudy, but by no means inclement, he was not found in his place. The next morning at an early hour, as the pastor was standing on his doorstep, who should come along but this old man, perched on a load of wood, his hat and overcoat, his hair and beard, all white with the thick falling and fiercely blowing snow. Seeing the pastor he halted to pay his respects and exchange a friendly word. "Good morning," said the old man. "All well?"

"All well, thank you."

"Sorry I could not be at church yesterday."

"Yes, I missed you."

"Well, the fact is, it was such a bad day, and the weather threatened so much, that I thought it was too bad to venture out and the—"

"Yes, it is fine, pleasant weather today," said the pastor. If we should have as fine a day next Sunday, I shall look for you at church."

The old man blushed and manifested a desire to break off the conversation—during all of which it seemed as if he were inwardly saying, "Caught this time!"—Ram's Horn

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash—and was entirely cured after three months' use of them."—Mrs. S. A. Williams, R. F. D. No. 14, Box 38, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

AN INTERESTING PAINT TEST

There is a very simple and interesting chemical test by which to detect impurity in paint materials. Thousands and thousands of people, all over the country, are making this test. It is a sure way to safeguard against the many adulterated white leads which are on the market. Any one can make the test—all that is needed is a simple little instrument which may be had free by writing National Lead Company, 1902 Trinity Building, New York, and asking for House owner's Painting Outfit No. 49. The outfit includes also a set of color schemes for exterior or interior painting, or both, if you wish, and a book of specifications. No houseowner should make any arrangements for painting till he gets this outfit.

One can't expect a satisfactory painting job without pure white lead. There is a way to make sure you're getting a pure white lead—without testing it. See that the keg bears National Lead Company's famous Dutch Boy Painter trademark, which is a positive guarantee of purity. Your dealer probably has this white lead. If not let National Lead Company know.

LABOR WINS OKMULGEE FIGHT

ARBITRATION BOARD RECOMMENDS SCALE OF WAGES RAISE TODAY.

WAS IN SESSION TWO DAYS

Four Hundred Laborers and Fourteen Contractors Involved in Dispute.

Okmulgee, Okla., May 28—An agreement was reached this evening by the state board of arbitration and conciliation whereby the differences between contractors and laborers have been amicably settled with the result that the laborers win their point. The board will make its formal report tomorrow morning and recommends that a scale of 50 cents an hour be paid to wheelers and plowmen on public works, 40 cents to wagoners and shovellers, and others are to receive 21 7-8 cents an hour.

Fourteen contractors and about 400 laborers were interested. The laborers struck May 10. Since that time an \$85,000 water and sewer extension contract and a \$118,000 paving contract have been held up. The laborers, two months ago, demanded a raise in the scale of wages, and a majority of them understood that it was promised by the contractors. Only two contractors held out to the end against the laborers. They were Z. Fielder, who has the water and sewer contract, and S. D. Smedley, who has the paving contract.

The board convened here yesterday morning in the first session that has been held since its creation. The day was spent in hearing the side of the laborers. The entire day today was given to hearing the contractors.

The board is composed of C. L. Daugherty, state labor commissioner; J. F. Holden of the Midland Valley Railway company; Thomas Bell of Hughes, M. R. Powell of Oklahoma City; Richard Alexander of Wanette; N. F. Langdon of Lawton and W. G. Ashton, secretary, of Guthrie.

Eloquent Appeal.

The speech to the jury by Judge D. W. Huffar, a well-known jurist in Texas and Oklahoma, in behalf of W. J. Hogue, the prince of Texas promoters, was replete with oratory, pathos, force and sentiment. It was delivered in the U. S. court at 11 a.m. today.

He appealed in behalf of Hogue's innocence, in behalf of his wife and child, in behalf of justice and humanity. The Eagle editor has heard Judge Huffar in Oklahoma last year and listened intently to his effort in behalf of Mr. Hogue. Judge Huffar goes from here to Summerville, Ga., to spend part of the summer, when he will return to his home at Ada, Oklahoma—Oak Cliff (Texas) Eagle

NOT GUILTY, SAYS JURY

JUDGE MABEN, OF SHAWNEE, ACCQUITTED ON BRIBERY CHARGE.

HE MAY BE RE-INDICTED

Jury Was Out for Some Time Before Verdict Was Reached.

Shawnee, Okla., May 29—At 10:30 last night, after having been out for twenty-six hours, the jury returned a verdict in the bribery case against Judge W. N. Maben of "not guilty." It was reported that the jury had stood 11 for acquittal and 1 for conviction since the jury started its deliberations.

The court room at the time the verdict was returned, was nearly deserted. Judge Rosser was present, the defendant and a few straggling spectators who had been coming in larger numbers throughout the earlier part of the evening.

Judge Maben was attended only by his father. When the bailiff announced that a verdict had been reached by the jury the judge instructed that they be brought into the court-room and the result of their deliberations read. The defendant remained in the same indifferent attitude which he has assumed throughout the hearing. When the verdict was read, his expression was unchanged except that a slight smile came over his face.

Immediately upon the verdict of the jury being read, Judge Rosser thanked them for their patient attendance, expressing especial gratitude to Juror Pulley, who has been ill during the last few days of the trial. For the past two days, Pulley has been in the constant care of a physician.

The jurors immediately started to file from the room and Judge Maben advanced toward them, extending his hand and with a smile expressed his thanks to them and declared that throughout his future, his conduct would be such that there would be no shadow of a suspicion cross his public or private life. He then extended his hand to the judge and expressed in glowing terms his appreciation of his fairness in the conduct of the case.

Judge Rosser, Judge Maben and the elder Mr. Maben then left the court-room together and boarded a car for home. As they stepped upon the car, Maben was heard to remark: "Talk about being elected to office! This verdict is better news to me than being informed that I had been elected to all the offices in the nation."

There has been much speculation as to what the future action on the part of the state would be in regard to the condition in the county, as shown by the evidence brought to light during the trial of Judge Maben. There are yet six indictments remaining against him. These may be dropped or they may be pursued further. Attorney General West would give out nothing for publication as to his further moves. Whether he continues the prosecution or not is entirely in his hands. However, it has been rumored that another grand jury will be called and the conditions investigated thoroughly.

This can be done with much more intelligence than in the case of the previous grand jury, which was practically working in the darkness. It is probable, since the governor has instructed the attorney general to take what further action he deems best for the interests of the state, that this is the course which will be decided upon, and the remaining indictments against Judge Maben dropped. In this event, it is also probable that the other indictments found by the last grand jury will be dropped and the prosecutions instituted as the coming grand jury may instruct.

Whatever the counsel for the state may intend doing, it has already had the remaining pending indictments continued before Judge Rosser until the next term of court, which will be set by the state supreme court.

Judge Rosser and his wife, who joined him here yesterday, left this morning for their home at Poteau.

Dr. W. W. Wiggin has returned home from a business trip to Mississippi.

MOB VIOLENCE AT ABILENE

TOM BARNETT SHOT TO DEATH IN HIS CELL AT ABILENE, TEXAS.

50 MASKED MEN DO THE JOB

Failing to Break the Doors to the Cell Their Victim Is Shot Through the Bars.

Abilene, Tex., May 28—Tom Barnett, convicted of the murder of Alex Sears and sentenced to serve ninety-nine years in the penitentiary, was shot to death this morning about 1:30 o'clock by a mob of masked men, who entered the jail where he was confined, awaiting the action of the higher court.

About fifty masked men assembled in the jail yard this morning and began seeking entrance to the jail. They were met at the door by Jailer L. L. Peevy, who was overpowered and badly injured about the back. His gun and what keys he had on his person were taken, when the band of eight men who had entered proceeded upstairs hunting for Burnett. The keys they had would not open any of the doors and they were forced to use crowbars, of which the mob had quite a number. All of the prisoners were questioned, but claimed to have been only lately confined and said they knew nothing of the prisoner, Tom Barnett.

The mob carried Deputy Sheriff Bob Peevy upstairs with them and demanded that he show them the prisoner. This he refused to do, but suggested that they be careful and not get the wrong man. One man in the crowd asked Barnett to stand up, wherever he was, and the prisoner complied, never uttering a sound.

Shot to Death in Cell.

After about a half hour's work the mob finally succeeded in breaking through the outer door of Barnett's cell, but could not force the inner door. Some one in the mob cried:

"Let's shoot him," and his words were followed by a regular fusillade of shots from Winchesters and revolvers. Fifteen shots in all entered Barnett's body.

After the shooting the mob quietly dispersed, and so far the officers have no clew to their identity. Jailer Peevy is resting well, although his back was badly wrenched in the scuffle with the mob leaders.

The coroner's inquest has been held by Justice H. R. Keeble. Extra deputies have been appointed, and the entire force of authorities and deputies of the city are making a most rigid investigation of the affair. Barnett's aged mother is prostrated with grief.

Jailer Peevy's Statement.

Jailer Peevy this morning stated that on account of all the men wearing masks he was unable to recognize any of them. However, he has a good description of three of them, on which officers are working. One of the men, in scuffling with the jailer, had his finger caught by the hammer of Peevy's pistol as the latter was trying to get his gun into use. The plunger on the hammer caused a deep flesh wound in the man's finger and this may help in the investigation. So far no arrests have been made.

The alleged murder of Alex Sears for which Barnett received the ninety-nine year sentence was committed on the night of Feb. 3 at Mud Young school house, twelve miles east of here. Sears' body was burned with the school house, supposedly after the murder had been committed. Barnett was tried in the March term of the district court here under Judge T. L. Blanton, the case occupying five days. A notice of appeal had been given in the case and the prisoner was in the custody of the sheriff here awaiting action of the higher court.

Barnett was a cattleman here, as was also Alex Sears, for whose murderer he was convicted. The two were frequently involved in large cattle deals, and the chief evidence introduced in Barnett's trial was to the effect that Barnett owed Sears a large sum of money from a recent deal of this kind.

The body of Tom Barnett was this morning shipped to Dallas, in Cole-

man county, where it will be interred tomorrow, that being his former home.

Jailer in Critical Condition.

Jailer Peevy is in a very critical condition from the injuries received at the hands of members of the mob this morning.

As a result of investigation the authorities here believe that after dispersing the mob mostly went north in buggies and that they came here that way from Anson, Merkel and other near-by towns. Sears lived near Merkel and had lived in Anson formerly. Jailer Peevy and all the prisoners upon being interviewed could not identify any of the members of the mob, as all were masked. Only eight men entered the jail and only two fired shots. Tracks of six buggies, rendered plain by recent rains, were found near the Texas and Pacific stock pens and were tracked out of town. Five of these were followed until they merged into the Anson road and the sixth went west, where its track was lost in the Merkel road.

Jailer Blanton's Statements.

District Judge Blanton, upon being questioned, stated:

"There is very little to say regarding the case, except that I will do the duty imposed upon me without fear or favor. This is a most deplorable affair and the first of its kind to happen in Taylor county."

Parties coming in from the north late this afternoon report the finding of what was supposed to have been intended as a stake. They state that a stake was driven in the ground, with inflammable material surrounding it and that mingled with many tracks was one woman's footprints.

Jailer Peevy, when interviewed, said:

"I can not tell you how it humiliates me to think that I was unable to lift a finger in that poor man's behalf after he had been placed in my custody. If I could have gotten my gun I would have shot to kill. I can not swear any knowledge as to the identity of any of the mob. All were heavily masked and, although they talked to me, I did not positively distinguish any voices."

Officers in surrounding towns have been notified and a most rigid investigation has been begun. No arrests have been made yet, but it is expected several will be made tonight or tomorrow.

OUR GUTHRIE CORRESPONDENT

Guthrie May 28—According to a recent educational law teachers are required to take examination in agriculture and domestic science. For the purpose of helping teachers prepare for this examination John Wilkinson, assistant superintendent formerly professor of agriculture in the Northwestern Normal school and at Alva has prepared an elementary work on agriculture and domestic science. This little book will no doubt be a great aid to the teachers of Oklahoma.

State Dept. of Public Instruction E.D. Cameron is proud of the fact that the total number of eighth grade graduates in the state will be about double the number of last year or any previous year in the history of Oklahoma.

There are within the state 5,535 common schools. Last year the total number of graduate was 2,486 or about one graduate for every two schools. This year the number of graduates will average about one for each school. In addition to the requirements of all previous years for eighth grade diplomas has been added the subjects of Oklahoma history, domestic science, agriculture and horticulture and music. Thus not only raising the standard required but doubling the number of graduates. This speaks volumes for the educational spirit of the new state and reflects great credit upon those at the head of our common school system.

The announcement was made this week that the state superintendent of Public Instruction has apportioned fifty cents of state money derived from the rentals of school lands and interest on the common school fund to each person of Oklahoma under 21 years of age. This is the largest summer dividend ever declared. The apportionment last January was \$1.00. This makes \$1.00 for each person of school age with in the state of Oklahoma. Too much cannot be said in praise of the school land department for this showing. It was supposed that when the two territories were united and the fund divided among the children of all the state instead of one-half the state that the apportionment would be cut one-half. It was expected that 50¢ per capita per year would be as much as we could reasonably expect to realize but this year that amount has been trebled. These apportionments prove that the bitter attack made by republicans on the school land department during the last campaign were entirely without foundation.

Guthrie Ok May 28—For the purpose of discussing with government experts the matter of fighting tuberculosis among Oklahoma Indians. Dr. J. C. Mahr, state commissioner of health leaves Monday for Washington D.C. to attend the convention of the Health Officers Association of North America on June 3 and 4. Dr. Mahr says tonight that tuberculosis spreads rapidly among the Indians all tribes afflicted and is spread by them in turn among other citizens of the state. He shows that recently Kansas appropriated \$10,000 to fight the disease.

Dr. Mahr will also discuss with experts and secure government aid if possible to fight the decided increase of rabies in Oklahoma. He says fifty seven cases of rabies have developed in Oklahoma within the past six months. An opinion to night by E.G. Spillman, assistant attorney general holds that Dr. Mahr can charge a reasonable expense account to the contingent fund of the state health department for such a trip to Washington in the state's interest.

MOB FAILS AT ALTUS.

Broke Into Jail But Victim Is Not Threatened.

Altus Okla May 28—The plans of a masked mob of fifty men intent upon lynching Will Brown, a nineteen-year-old negro charged with attempting to assault the ten-year-old daughter of John Osborne near Olustee Thursday were foiled here last night by Teller Jones.

The mob from Olustee came into Altus at 3 o'clock this morning broke down the doors of the jail and made a vain search for the prisoner. Finding that the prey had been removed the mob went to the jailer's home thinking that the negro was being hidden there. Here they learned that the killer had spirited the prisoner away and the mob gave up the hunt. Jones took the negro to a nearby town during the early part of the night where he was kept until daylight and was then hurried to Lawton where he was placed in jail for safekeeping.

Urgent Notice.

I am killing dogs by the dozen. If you want to save your dog don't let us get him. Come to the city hall and secure a tag. Some of the dogs bit by the mad dog are acting strange therefore if you value your dog it is necessary for you to protect him by securing a tag. Geo. Culver, Chief of Police.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for catalog free. F. J. Cheney & Co Toledo O.

FORGER IS CAPTURED.

Chief of Police, Culver, Arrests Forger and Turns Him Over to the County Authorities.

Yesterday afternoon, at the ice plant George Culver arrested one J. M. Gleason for forgery. It seems that he had been operating very profitably around town, either making a deliberate attempt to break into jail or else was very confident in his ability to make a get-away in due time. He wrote two checks to the F. B. Wilson Lumber Co., payable to James Davis, one for \$5.75 and one for \$6.00; one for \$6.90 signed in the name of R. E. Haynes, which he cashed to Mr. Biggar, at the bottling works and one at his boarding house, the amount of which was not ascertained. The check to which he forged the name of Mr. Haynes was made payable to J. M. Gleason. He cashed it at the bottling works in exchange for soda water, getting the change in cash. When he purchased the soda water he claimed that he had purchased the confectionery wagon on east Main street and when the soda water was delivered the plot was revealed.

When he was interrogated by Chief of Police Culver as to his reason for the crime he stated that he was broke and could not procure employment and that he had to do something to live. This is rather a flimsy excuse, however, in view of the immense amount of public work now under way. He was turned over to the sheriff's office and placed in jail.

MRS. TOM HOPE.

President Women's Clubs Guest of Honor at Pretty Roff Home Where Charming Roff Ladies Afforded Choice Entertainment.

Mrs. Tom Hope, president of the 4th district of Oklahoma Federation of Clubs, was the guest of honor Thursday at the closing meeting of the Pioneer Club of Roff.

The program, consisting of excellent music, and appropriate talks, was given at the Methodist church. When the program was concluded the members of the club repaired to the pretty home of Mrs. Taylor, president of the club, where a reception was tendered. Strawberry shortcake and cake were served, the favors were white carnations. Another enjoyable feature of the afternoon was a drive over the city.

SOCIETY NOTES.

Wednesday afternoon one of the most enjoyable entertainments of the season was enjoyed at the home of Mrs. J. T. Conn.

The occasion was a luncheon given by six members of the "500" Club, complimentary to the other six members making the highest score during the club year.

The table was exquisite in point lace cover and center piece with handsome cut glass vase of crimson roses in center and dainty service of china, silver and cut glass, while over the whole a rosy glow was cast by shaded lights.

The menu, served in five courses was one to tempt an epicure and was as follows:

Chilled Fruit	Spring Chicken
Deviled Crab	Cream Potatoes
Cold Slaw	Fresh Peas
A la 500 Salad	Hot Rolls
Mayonnaise Dressing	Wafers
Brandy Peaches	Olivies
Ice Cream	Assorted Cakes
	Coffee

After the luncheon an hour was pleasantly spent in playing "500" and as is always the case in this charming home the entertainment was a success and with such a congenial hostess none could fail to enjoy the hours spent there.

THERE IS NEAR TROUBLE AT CEMENT MILL

15 MEN WALK OUT OF SACK ROOM ON STRIKE, BUT RETURN TO WORK A LITTLE LATER.

Mill Visited by Committee of Union Labor—There Will Be a Conference Among Proposed Strikers and Union Labor Tonight.

At the noon hour today about fifteen men walked out of the sack room of the cement plant declaring that they had struck. It appears, however, that a further consideration of their grievance during the noon hour decided them to return to work pending an effort which might be made to secure readjustment of the wage scale. The men were at work at the time of going to press and it is the opinion of those supposed to be next to the situation that the cement employees will continue work in each department. A committee of union labor in conciliatory disposition headed by W. W. Rader visited the cement plant this afternoon and interviewed Foreman Curtis. It is understood that the sack room men through union labor conference will determine their attitude this evening for the future toward the mill employment.

The citizens at large will view the results of any unsatisfaction of labor at the cement mills with much anxiety.

It is to be sincerely hoped that labor will be satisfied and that the mills may continue business.

INDIAN DELEGATES

Come in on Train—Will Attend Fifth Sunday Meeting.

Several full blood Indian delegates on the way to Baptist association alighted from morning train. A local full blood was down to meet the visiting contingent. When all had alighted from the train each in turn silently and lightly clasped the hands of the receiving delegates. Not an expression changed, not a word was spoken until the hand shaking was over; then each began to quietly laugh, a happy pleasing laugh and laughing these Christian Indians went on their way.

Oil and Gas Co. Charter.

Treasurer E. W. Hardin of the Ada Oil and Gas Company, received the company charter this morning from the secretary of state.

From Oklahoma Baptist Journal.

A worthy old gentleman who lived in the mountains had one weakness—a habit of absenting himself from church on a very slight pretext.

One Sunday, which was a little cloudy, but by no means inclement, he was not found in his place. The next morning at an early hour, as the pastor was standing on his doorstep, who should come along but this old man, perched on a load of wood, his hat and overcoat, his hair and beard, all white with the thick falling and fiercely blowing snow. Seeing the pastor he halted to pay his respects and exchange a friendly word. "Good morning," said the old man. "All well?"

"All well, thank you."

"Sorry I could not be at church yesterday."

"Yes, I missed you."

"Well, the fact is, it was such a bad day, and the weather threatened so much, that I thought it was too bad to venture out and the—"

"Yes, it is fine, pleasant weather today" said the pastor. If we should have as fine a day next Sunday, I shall look for you at church."

The old man blushed and manifested a desire to break off the conversation—during all of which it seemed as if he were inwardly saying, "Caught this time!"—Ram's Horn

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Cardine, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash and was entirely cured after three months' use of them"—Mrs. S. A. Williams, R. F. D. No. 14, Box 39, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial.

This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

AN INTERESTING PAINT TEST

There is a very simple and interesting chemical test by which to detect impurity in paint materials. Thousands and thousands of people, all over the country, are making this test. It is a sure way to safeguard against the many adulterated white leads which are on the market. Any one can make the test—all that is needed is a simple little instrument which may be had free by writing National Lead Company, 1903 Trinity Building, New York, and asking for House Owner's Painting Outfit No. 49. The outfit includes also a set of color schemes for exterior or interior painting, or both, if you wish, and a book of specifications. No houseowner should make any arrangements for painting till he gets this outfit.

One can't expect a satisfactory painting job without pure white lead. There is a way to make sure you're getting a pure white lead—without testing it. See that the key bears National Lead Company's famous Dutch Boy Painter trademark, which is a positive guarantee of purity. Your dealer probably has this white lead. It not let National Lead Company know.

"I am seventy seven years old, and some years ago I was taken with eczema from head to foot. I was sick for six months and what I suffered tongue could not tell. I could not sleep day or night because of that dreadful itching, when I did sleep it was from sheer exhaustion. I was one mass of irritation, it was even in my scalp. The doctor's medicine seemed to make me worse and I was almost out of my mind. I got a set of the Cuticura Soap Ointment and Resolvent. I used them persistently for twenty four hours. That night I slept like an infant the first solid night's sleep I had had for six months. In a month I was cured." W. Harrison Smith, Mt. Kisco, N. Y. Feb. 3, 1908. Peter Drug & Chem. Corp. Solo Prop., Boston.

FATTEST French Soldiers.

Occasionally our Paris contemporaries entertain their readers with an account of the fattest and the shortest conscript. Now a journal has gone one better and discovered the fattest recruit in the French army, who has been found at Corbeil. This honorable distinction belongs to M. La Verdurt, the son of a merchant in the locality. The young man turns the scale at 268 pounds avoirdupois, or rather over 19 stone.
